### SKILLS

- Docker
- Kubernetes
- Jenkins
- AWS
- GitLab CI/CD
- Cloud Computing
- Scalability
- Security
- Collaboration
- Communication

### EDUCATION

#### Bachelor of Science

Sep 2014 - Jun 2018

Stanford University Stanford, CA

Computer Science 3.5/4.0

### LANGUAGES

English	Native
Spanish	Fluent

### STRENGTHS

#### Leadership

Proven ability to lead cross-functional teams and drive projects forward

#### Problem-Solving

Skilled in analyzing complex problems and developing creative solutions

### SUMMARY

Highly motivated and experienced DevOps Engineer with 5+ years of experience in designing, implementing, and maintaining scalable and secure cloud-based systems. Proven track record of improving deployment efficiency by 30% and reducing downtime by 25%. Skilled in a range of technologies, including Docker, Kubernetes, Jenkins, and AWS. Adept at automating infrastructure with IaC tools like Terraform and Ansible to streamline operations and enhance system reliability.

### EXPERIENCE

Senior DevOps Engineer	Jan 2020 - Present
ABC Corporation	New York City, NY
Leading the development and implementation of cloud-based infrastructure for a team of 10 engineers. Collaborating with cross-functional teams to design and deploy scalable and secure systems. Ensuring compliance with industry standards and best practices.	
<ul style="list-style-type: none"><li>Designed and implemented a CI/CD pipeline using Jenkins and Docker, resulting in a 40% reduction in deployment time</li><li>Developed and maintained a highly available and scalable cloud-based system using AWS and Kubernetes, resulting in a 25% reduction in downtime</li><li>Collaborated with the development team to implement automated testing and deployment scripts, resulting in a 30% increase in code quality</li></ul>	
DevOps Engineer	Jun 2018 - Dec 2019
DEF Startups	San Francisco, CA
Designed and implemented cloud-based infrastructure for a team of 5 engineers. Collaborated with cross-functional teams to design and deploy scalable and secure systems. Ensured compliance with industry standards and best practices.	
<ul style="list-style-type: none"><li>Developed and maintained a cloud-based system using AWS and Docker, resulting in a 20% reduction in costs</li><li>Implemented automated testing and deployment scripts using Jenkins and GitLab CI/CD, resulting in a 25% increase in code quality</li><li>Collaborated with the development team to design and implement a CI/CD pipeline, resulting in a 30% reduction in deployment time</li></ul>	

### CERTIFICATES

AWS Certified DevOps Engineer	Feb 2020
AWS Certified DevOps Engineer with expertise in AWS services and cloud-based systems	

### AWARDS

Best DevOps Engineer	Jan 2020
Awarded Best DevOps Engineer for outstanding contributions to the development and implementation of cloud-based infrastructure
